FAIR GIRL AND YOUNG LIEUTENANT ARE BETHROTHED

Miss Valerie Helberg To Become The Bride of Lt. Leland Volquardsen U. S. N.

At a military luncheon on Saturday at the Fred Helberg home in Schellville, the glad tidings of the engagement of Miss Valerie Helberg and Junior Lieutenant Leland Volquardsen of the Navy were made known.

Miss Helberg is the eldest daughter of Mr. and Mrs. Fred Helberg, old and esteemed residents of Sonoma valley. She is a trained nurse who has won many honors in her chosen profession and has been attached to the Hahnemann hospital in San Francisco for some time past. She is a handsome girl of the blonde type and has a charm of personality and amiability of disposition which has endeared her to a large circle of friends.

Lieutenant Volquardsen is one of Sonoma's young men who has won signal honors in the Navy. He enlisted several years ago and has steadily advanced until today he is in line for still higher promotion. He is the son of a pioneer family, Mr. and Mrs. Dave Volquardsen and his mother is prominent in local Red Cross work.

The uniting of these two prominent families will be received with hearty congratulations by a host of friends and although no date is set for the wedding, it will be a brilliant event of the future.

The young lieutenant, after receiving the best wishes of relatives and friends left hurriedly Saturday night to rejoin his ship. He was driven by auto to San Anselmo, took the last train and was in Los Angeles by Sunday.

The luncheon at the Helberg home was a prettily appointed affair with the flags of the Allies used tastefully in the decorative scheme and tiny red hearts fashioned from paper scattered over the table.

A dinner party at the Coops home complimentary to the young couple was also a feature of the festivities in connection with the engagement.

EX-MAYOR SEIPP DIES SUDDENLY

Passes Away After Attack of Heart Failure Last Friday.

Ex-mayor Henry Seipp former official of the City of Sonoma and member of a pioneer family died very suddenly last Friday near the Dresel home. He succumbed to heart failure.

Henry Seipp was born in Sonoma in 1851 and lived here most of his life. In former years he took an active part in the political and social life of the community. He was a man of genial personality and a great lover of plants and flowers, devoting much of his time to garden work and horticulture. Of late he had been employed by Carl Dresel.

Mr. Seipp left a sister, Mrs. Geo. Chase and a brother Gus, to mourn his passing. The remains were taken to San Francisco for cremation.

HEWITT FOR CONGRESS

To the Republican Electors of the First Congressional District.

I have submitted my name as a Republican candidate for Representative in Congress, First Congressional District, to be voted for at the next Primary Election. This was done by me partly from a desire on my part to be elected to the office and partly by the desire of many Republicans of the District who feel that the party should have a Republican in Congress from this District. Legislation is not new to me. I was a member of the State Legislature during the years 1907, 1909 and 1911 the last term being Speaker of the Assembly, and the voters may recall that it was during this last term that California was placed upon a new footing respecting many important matters.

Your attention is invited to my record, and if the Republicans of the District feel I am worthy of their support, and can fill the office with credit to the State, I shall appreciate your vote. Please bear in mind that I am the only Republican seeking the nomination.

A. H. HEWITT, Yuba City, Cal. adv.

COUNTY OFFICES TO BE FILLED

Primary Election Tuesday Will Decide Personnel of Most of Official Family for Sonoma County.

At the Primary Election this coming Tuesday, several interesting contests for county offices will be decided, several well known present incumbents who have no opposition will be officially named for another term and in the three-cornered fight for Tax Collector and School Superintendent, some of the contestants will be eliminated. In addition to the county offices and the bigger State elective officials, we are to name Justices of the Peace for Sonoma and Glen Ellen townships and constables for the same territory also three members of the County Central Committees.

The office of County Clerk will be again presided over by W. W. Felt Jr. an official whose term of office has been characterized by such a high water mark of efficiency and whose popularity is so thoroughly recognized that no opposition whatsoever developed to his candidacy.

For County Treasurer, James W. Ramage has the field all to himself and will again be custodian of the county cash, a position of trust which he has well merited.

J. C. Hoke Smith is to continue his successful administration of the office of Assessor.

The office of Surveyor filled by Malcolm P. Youker is to remain in his hands and will no doubt be a position of growing importance and many new duties judging from the plans for greater road building in Sonoma County.

The contests which will interest Sonoma most are the Sheriff's fight and that of School Superintendent. Joe Ryan of Sonoma is our favorite and the choice of the entire Sonoma valley for Sheriff. His competitor is James A. Petray, a popular son of the Russian River section.

For District Attorney, Geo. W. Hoyle, present incumbent is making the race with Wm. N. Vallandigham, a Santa Rosa attorney. Mr. Hoyle is a general favorite down this way and he is conceded to be a public prosecutor with few peers in the state. Mr. Vallandigham is said to be a very capable man and has made a clean fight for the office.

For Auditor, C. A. Pool who is in office and is a general favorite, will match his political strength with Olney G. Pedigo, popular Sonoma County boy who has sung his way into the hearts of the public and is a rustler for fair.

For Recorder, the present dependable incumbent who has been in the office for many years, Fred G. Nagle, has a worthy running mate in Herbert Snyder, present City Clerk of Santa Rosa, a young man of competency and very pleasing personality.

For Coroner, Dr. Frank H. Phillips who has so ably and conscientiously filled the office is a candidate for reelection. Dr. Phillips is very popular in his home town, Petaluma and all over the county. Although political enemies have combed the records in the Court House at Santa Rosa to find some error in his accounts, they have not succeeded in digging up the smallest irregularity in the clean record of this painstaking official. Disgruntled undertakers and business seeking attorneys who see more chance to grab off money with another man in his place—that is the only kind of opposition Dr. Phillips has. His opponent is Marcus Flohr, Chief of police of Petaluma, who is too decent a man to lend himself to the kind of a fight put up here by his professed friends.

For Tax Collector the race between T. V. Butts, Phil Varner and Jack Woodward will be interesting and promises to be a closely contested fight to the very end. Butts and Varner are already in the Court house but Phil is trying to unseat Virgil, the popular incumbent in the coming Classic. Jack Woodward of Sebastopol is the dark horse in the race and expects to qualify for the future. The sweepstakes in November will settle a very interesting contest between two of the trio.

For School Superintendent, there is a four cornered contest. Miss Ida Marshall of Healdsburg is the lady candidate and for those who

ATTENTION REGISTRANTS

All young men of Sonoma and Glen Ellen townships who have become 21 years of age since June 5th last, are required to register for the new draft at Sonoma City Hall, today, Saturday August 24th.

Mrs. J. Carson of Boyes Springs has gone to Mendocino county on a hunting trip.

believe women should hold school jobs she measures up to all requirements of training and natural ability. She is a womanly woman and a capable executive. The three men educators in the race are all live wires. Jesse F. Prestwood, Sonoma valley's favorite is a thoroughly dependable man of high principle, aims and achievement. He has the school affairs of the county at his finger tips and is an inspiration to teachers, pupils and patrons.

Ben Ballard is well known from one end of Sonoma County to the other and he is relying on his record as presented through our newspapers to win him the endorsement of the voters to take him from the position of Assistant Superintendent and place him at the helm.

Oscar (Doc) Staton of Sebastopol is the principal of the Analy schools and has been making an active and careful canvass. He has won much favorable comment for the many excellent ideas he presents relative to the management of the schools of this county.

Judge Lester Small and Judge Leopold Justi, two worthy dispensers of justice from Sonoma and Glen Ellen respectively, deserve a handsome complimentary vote from their fellow townsmen and the ladies (Glen Ellen ladies take particular notice).

For Constable, the alert Jack Murray and the doughty Jerry Allen have their hats in the ring and it is a safe bet that Jack and Jerry will give 'em the run for the ensuing and pursuing term.

George Breitenbach and Angelo Beretta, staunch Republicans of this district are on the official ballot to be elected County Central Committee men.

MAKE GLOVES AT HOME

Sonoma Branch of California Glove Company Want Help From Those Who Cannot Work in the Factory Because of Other Duties. Will Install Machines.

A splendid opportunity for women and girls who want to help in war work, earn good money and be a part of the great army of employees now necessary in this country but who cannot get away from home because of other duties in offered by the California Glove Company. The enterprise will install sewing machines in the homes for those who will sew gloves during their spare time. Ladies can either come to the factory branch here for instructions or if you are tied down so that it is impossible, some one will be sent to give you all necessary preparation for the work. Arrangements have been made to rent or sell motors to workers so that the earning capacity may be greatly increased. In Napa the plan of home work has been very successful and some of the leading women there have taken it up. In reaching out for the help in reserve in this country, those in the homes are now urgently sought.

The California Glove Company has all the army orders it can fill, the only limit being the amount employees can turn out.

Mr. Raymond, vice-president of the company was in town the fore part of the week and declares that not only will his big business firm keep the wheels busy during the war but that they also aim to get and hold a large volume of business for the Pacific coast. He pointed out that California is demonstrating its manufacturing skill and will undoubtedly reap permanent benefit from the showing it is now making, taking care of big orders. He says the present equipment represents a big investment and trained operatives and skilled hands are all assets in the business which must continue to forge ahead now and in the great busy period of reconstruction after

ENGINE HITS AUTOMOBILE

Narrow Escape of Andrew Erickson At Glen Ellen Crossing.

Andrew Erickson, a chicken rancher of Kenwood had a narrow escape Wednesday morning when the auto he was driving was struck by the morning train at the Glen Ellen crossing. He put on the brakes as he heard the whistle blow but before the machine could be stopped the front wheels were across the track. The engine struck the car, turning it completely around. The driver was thrown clear and a lady and child in the back seat remained in the machine and miraculously escaped injury. Erickson himself was not hurt although all suffered from the shock. The machine was later towed to Santa Rosa and is said to have looked as if it had been in front of a "whip-pet" tank on the battle front.

FAREWELL FOR LOUIS FELDER

Before his leaving for Camp Lewis, there was a pleasant farewell party given by Mr. and Mrs. Jos. Felder to their son Louis who entrained last Saturday with his contingent of the army. There was music, dancing and cards with a fine supper at midnight. Among those present were Misses Rena McDaniels, Elizabeth Helberg, Carola Felder, Jessie Heiser, Henry Heiser, Bloss Keechler, Earl Revie and Dewey Kelly.

The affair took place about 10 days before the young man left. He will be missed by many friends throughout the valley.

Mr. and Mrs. Wieland were presented with a little son Tuesday.

The army mits now being made here and for which home workers are sought, are the leather hand coverings which go over the wool mittens worn in the trenches and on the field of battle by our soldiers. In wet and cold weather they protect the inner mitten, shed the water and keep them from freezing.

About 45 girls and women are now employed in the sewing department of Sonoma's branch and Mr. and Mrs. Morgan are to put on more operatives as fast as they can get equipment.

"HELLO NEWT!" IT WAS FISK

Joyous Meeting of Sonoma Soldier Boys in France Told in Letters.

As a train bearing new troops from the old U. S. A. was pulling into a camp near the coast in France, Newton Dal Poggetto on guard there with the fire fighting brigade, heard a familiar voice sing out "Hello Newt". It was Arthur Fisk, a short time "over seas" who was quick to see a familiar face and recognized his former schoolmate. The two chatted and greeted each other warmly and the next day there was a grand reunion between three Sonoma boys, Dal Poggetto, Fisk and Arthur Drake. Arthur Fisk in writing to his wife told of the joyous meeting and Newt and Drake wrote of it also.

Corporal Fisk declares that France is beautiful, crops fine and scenery like Sonoma. He says Newt looks fine and fat and that "eats" are good. He praises the Y. M. C. A. and the Red Cross and tells how they gave the boys hot coffee and sandwiches on their arrival and rain coats which were badly needed. He says there is a river running through the camp where the boys take a dip occasionally. He recalled how he once fished Newt out of the old swimming hole here when he was going down for the third time. "Gee but its great to meet a friend from your own home town" declares Arthur. He is engaged in working on the tracks of the railroad and will soon get an engine.

His letters breathed much tender sentiment of the wife and baby awaiting his return in old Sonoma and he enclosed a dainty red poppy from the fields of the war zone. Mrs. Fisk will make a collection of flowers sent her by her husband and combine them into an artistic service tray.

CHANGE IN TIME ON S. P.

The Southern Pacific trains have changed time and patrons should get new time from the agent, Mr. Gale at El Verano.

Devastated Vineyard Land For Soldiers

WE HAVE ALWAYS entertained the highest regard for the Republican candidate for State Senator from this district but we confess distinct surprise at his radical and ridiculous solution of the problem of re-imbursing vineyard owners for the confiscation of their right to produce grapes and the wresting from them of their vineyards lands by sumptuary legislation.

While fishing around in the labyrinth of his brain for an idea in connection with the unjust intent of frenzied cranks to put our grape people out of business, the ambitious scribe, anxious to be a legislator, hit upon the scheme of having the state buy up vineyard lands for returned soldiers.

The brilliant plan which D. M. Gandier's correspondent promulgates, satisfies us that our esteemed journalistic brother, if sent to Sacramento, would be putting forward just as absurd legislation as the size of bed sheets and a lot of theoretical nonsense, not alone impractical, but costly, if we are to judge by the suggestion to buy up vineyard lands for returned soldiers.

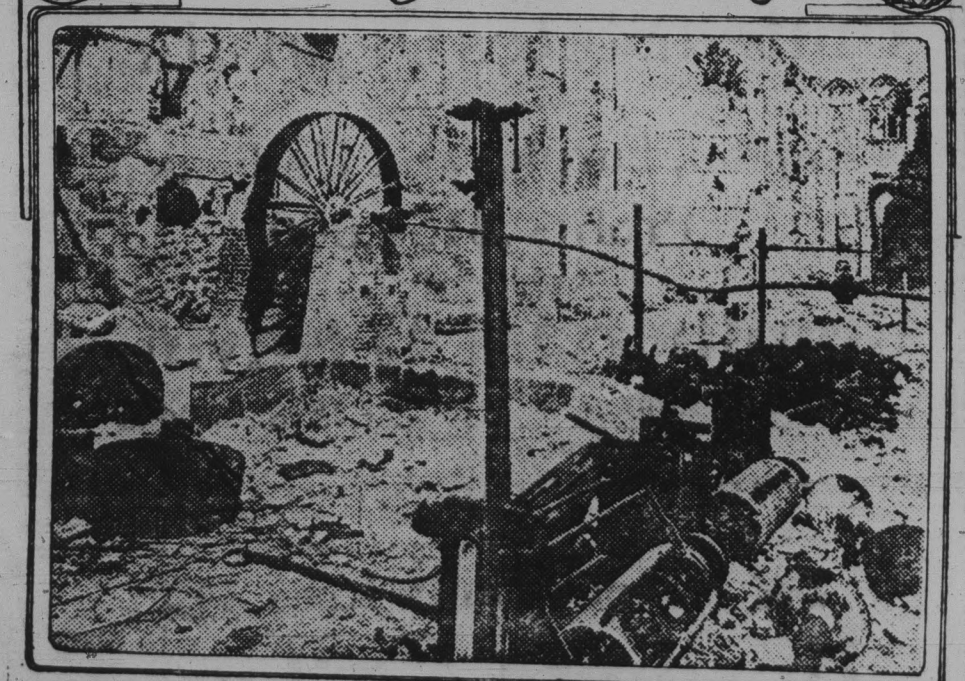

In the first place the word compensation is hard to apply in the case of our grape growers. When it becomes a crime to grow grapes, something is wrong with the world. Call it a crime to drink wine, but when it is a crime to possess a vineyard, make wine and have it in your possession, there is something disjointed with the point of view of those who come to think that way and something fundamentally unbalanced about this line of reasoning out the problem of sobriety. The East may be aflame with prohibition sentiment, but the mere willingness of its zealous advocates to buy out our vineyardists in order to get rid of them, does not make their undemocratic, high-handed procedure right or just. You cannot compensate a man for the passage of arbitrary laws whereby his life's work, the life he loves, is suddenly branded as illegitimate and a criminal calling. You cannot compensate him for reducing the value and the status of his beautiful vines to the rank of the dread poison oak. There is no "fair price" for such a transaction as the ruining of an industry long fostered by state and nation. If this state has the money to buy up our vineyards as the soft hearted Petaluman suggests, it better keep it and put it into a monumental home for the families sumptuary laws of prohibition would reduce to penury, for ruination stares many in the face while others would through humiliation seek a cloistral life, far from the maddening crowd and cranks who frame and countenance such legislation.

The senatorial candidate-philanthropist remarks that grape land would be ideal poultry land. Very ideal and the idealist might also reflect that poultry producers now days are having a hard time to make ends meet and that in general grape growers are far more prosperous than our poultry people.

As for acquiring our grape land and devastating our vineyards to present to our returned soldiers, we believe that these broad minded, larger visioned, more experienced men now fighting the fight of rights "over there" will put a quietus on much of this absurd fanaticism when they return, and will turn the tide in favor of justice, honesty and the temperate consideration of questions which now shake the very foundation of democracy as extremists strike at the heart of personal liberty and seek to endow their unwilling fellows with virtue cut and dried in the legislative halls of state and nation. It is to be hoped that our returned soldiers will open the eyes of their country to the absurdity of such a plan and misguided groupers for betterment will harken to wisdom from their lips and philosophy at their knee which will be the forerunner of real tolerance, self control and wisdom. We predict that the talk of the destruction of California's beautiful vineyards would be classed by returned soldiers as a crime and should we offer our willfully devastated vineyard land to them for chicken raising, we opine that an insult paramount to the handing out of an empty platter where once reposed the turkey would be committed.

No, if this avalanche of insane legislation descends upon our wine and grape industry, nothing can be devised or offered which will approach compensation. It will be delusive ease to the guilty conscience of those responsible for the outrage—nothing more.

French Sugar Mills Destroyed

France must import sugar today, most of it from this side of the ocean, because the largest portion of French sugar beet land is in German hands. As a result, the French people have been placed on a sugar ration of about 18 pounds a year for domestic use; a pound and a half a month. This photograph shows how the German troops destroyed French sugar mills.

OSCAR STUDLEY IN FRANCE

Tries His Luck at Understanding That "Parlez Vous Français."

Sunday, July 14, 1918. France. Dear Brother and all:—

I received your letter of June 12, and was glad to hear from home, it is the first letter I have got in three weeks, the mail must be held up some where. I got a letter from Maud a few days before we left England and this one of yours is the next one I have received. You said you were picking cherries. We have not had any, we left England before they were ripe and they are all gone here where we are now. We saw some good looking cherries when we were coming on the train but we couldn't get any. I will never forget July 4th 1918 for we rode in a side-door Pullman all day and night. I would tell you more about the trip if I was allowed, but it is to our own good not to write too much about those things. I just got back a few minutes ago from taking my laundry down to a French laundry. I had a time trying to find out when I could get it. I am not sure yet but from the motions the woman went through, I can get it Thursday. I will go after it Thursday and see if she has it done, if she has't, then I will know that she did not say Thursday.

We have a great time making change with the French money. We were paid the other day and I got 65 francs. A franc is worth 17 1/2 cents of our money. Their small change is what gets me, when it comes to counting it.

There are some fine vineyards here and they sure look fine. They spray the vines with something; I am going to find out what it is and what they spray for if I can. (censored) quite a ways from the front. The censor may cut this out. News is scarce so will ring off. Would like to be home and see all of you. Your brother.

CLUB NOTES

The regular Social meeting of the Woman's club on Friday, Aug. 16th was in the capable hands of Mrs. Emparan, and the program proved of unusual interest. The first number was a piano solo "Valse Caprice" by Miss Eva Ferchier, a violin solo, "Minuet" by Bethoven by Miss Lois Appleton, after which Miss Margaret Collier sang "The Blue Bird" with "Dreamy Morn" as an encore accompanied by Lois Appleton on the violin and Eva Ferchier at the piano. Mrs. Swasey of New York read an interesting article on the movement of the General Federation of Woman's clubs, urging and endorsing the establishment of training camps for young men and women in good citizenship.

District Attorney Hoyle was next on the program. He said that he, personally had more respect for the men who had waited for the draft to respond to their country's call, than for those who had volunteered in order to get soft, easy jobs, often paying for them.

Olney Pedigo of Santa Rosa obliged with a couple of tenor solos and Mr. MacMiniman charmed his audience with some wonderful numbers on the piano, among them "The Bells" written expressly for him. Mrs. J. Murray, the hostess served delicious tea and cakes and a visit over the teacups was enjoyed.

BEN BALLARD HERE IN THE INTEREST OF CANDIDACY

Ben Ballard, assistant Superintendent of schools who is making a strong campaign for the office of County Superintendent was in town Wednesday. Mr. Ballard believes in informing the voting public through the newspapers as to his qualifications. Especial attention is called to the important message conveyed in this week's political announcement which appears in another column.

There you can read of the points which Mr. Ballard brings forth to show his superior qualifications over other candidates for the important office. Do not miss these paragraphs or under estimate them.

PHIL VARNER WAS IN SONOMA THIS WEEK

Phil Varner, candidate for Tax Collector was in town this week and brings encouraging accounts of his campaign. Mr. Varner is going to poll an excellent vote in Sonoma Valley where he has many friends and admirers. He has been an efficient deputy in the Sheriff's office and has a wide acquaintanceship. Those who have not met the dignified, fine appearing Phil, will recognize him from the accompanying cut. He wants your vote and will merit it, so do not forget him when marking your ballot Tuesday.

JIM PETRAY FOR SHERIFF

One of the few political activities that is stirring up any real interest in this campaign is the candidacy of James A. Petray for Sheriff of Sonoma County. The many marked qualifications possessed by Mr. Petray for this office have attracted to his standard a large number of friends and supporters, all of whom are working hard to insure his success at the polls.

Physically, as well as by experience and training, Mr. Petray is fitted for the office for which he is a candidate. Big-hearted, manly, generous and brave, he makes friends wherever he goes. At the same time he is fearless and without favoritism in the discharge of his duty both of which have been well evidenced during the years he has served as Constable of Mendocino Township and as Deputy Sheriff of Sonoma County. He served the people in the above capacities with unusual success.

Mr. Petray's parents were early pioneers of this County, and it is here that he was born, grew to manhood and was married. It is in Sonoma County that his three small children were born. All of his interests and affections are here. Many are inclined to favor a man of a family, who has made his home life in the County in which he was born, especially when his record and business and public life has always been creditable. Not only has Mr. Petray served successfully as a Peace Officer, thereby acquiring the experience that will enable him to run down criminals and prevent crime, but his years of business experience in handling affairs for the fruit men of the Healdsburg section show him to be possessed of the necessary executive ability to properly manage the affairs of the Sheriff's office. During all the years he was handling any

fruit for the growers of Sonoma, Lake and Mendocino Counties he was never asked to give a bond for the faithful performance of his duty. Representing Castle Brothers of San Francisco, he bought and paid for hundreds of thousands of dollars worth of green and dried fruit upon delivery. It was recognized as a matter of course that anything he did would be well and properly done. When the Prune and Apricot Association was formed, Mr. Petray had the opportunity of continuing the work with the Association, but was forced to decline because he did not care to move his family out of Sonoma County.

The office of Sheriff is a non-partisan one, and Mr. Petray has pledged his word that he will maintain it as such. He made no pre-election promises to any one, and if elected will appoint only those as deputies who are qualified to perform the necessary duties. Mr. Petray has friend in all parties, and all factions know by experience that he is not swayed by favoritism in such matters.

Mr. Petray has shown himself to be patriotic and loyal to every recognized principle of Americanism. He was a volunteer in the Spanish-American war. Being now past military age and with a family dependent upon him for support, he cannot again serve in the ranks, but he is enrolled as a member of the California Home Guard and in numerous war activities that have grown out of the present conflict, he has shown an activity that is most commendable. Wherever he is placed he always measures up to what is expected of him.

Jack Woodward, candidate for Tax Collector from Sebastopol was in town Tuesday with Harry Lutgens and the former Sonomaite was introducing the genial politician to our voters.

EXHIBITS AT STATE FAIR

Swine breeders, who go home from the California State Fair's livestock show, August 31 to Sept. 8, with any of the blue ribbon awards will have good reason to know that their stock is among the best in the state.

Some 500 pure-bred porkers, each considered by his owner at least to be a sure prize-winner, will make the swine showing this year the strongest in State Fair history.

The futures given by the American Poland-China Record Association and the National Duroc-Jersey Record Association have attracted record entries of young stock and the other Poland-China and Duroc-Jersey classes likewise are well filled. The Berkshire showing will include herds of almost every representative Berkshire breeder in California and the other breeds are almost as strongly represented.

Frank A. Brush, of Santa Rosa, who had the unusual distinction of showing the Grand Champion Berkshire boar and Grand Champion Berkshire sow in the National Swine Show in Omaha last year, will show a complete herd of the breed, as will A. B. Humphrey of Escalante and the James Mills Orchard Corporation of Hamilton. Frank B. Anderson of Sacramento, although a comparatively new man in the game, has assembled a foundation Berkshire herd of splendid quality which he will show. The Carruthers Farm of Live Oaks is another of the many Berkshire breeders who will be on hand with large and representative herds.

The Duroc-Jersey exhibit is assured of not less than twenty-five herds. Many of these, probably a carload, will come from Glenn county but breeders of the red swine from other sections will not be lacking.

A splendid array of Poland-Chinas also is assured. The Bassett and Bernstein herds, both from Hanford, are entered in every class while Young & Clark, J. W. Wakefield and J. F. Lehman, all of San Joaquin county are represented in most of the classes. H. I. Marsh and J. H. Hansbrough of Modesto will show good herds and other sections of the state will have numerous entries.

L. A. Denker of Saugus, who carried off the honors for Hampshire swine at the 1917 State Fair, will be in the show ring again this year with a complete herd and competition will be furnished by the herd of H. T. Bailey of Lodi.

Sheep also will be much in evidence at this year's live-stock show. Bishop Bros. of San Ramon, who recently won high honors for California sheep at the International Livestock Show in Chicago, will show a complete herd of their noted Shropshires. These will be a feature of the sheep exhibit in themselves. Bullock Bros. of Woodland will show a large flock of Rambouillet, the University of Nevada will send some Corriedales, the Calla Grove Farm of Manteca will show Hampshire and John E. Marble of Pasadena will make a combined showing of Dorset Horns and Romneys.

Among the little patriots helping to harvest crops this season, is Maurice Power, 10 year old son of Mr. and Mrs. M. J. Power of this place who has been making his \$1.50 and \$2 a day picking fruit on the Clements ranch. Maurice is a hustler and he also finds time to be polite which has won him many friends and admirers.

BEN F. BALLARD

FOR COUNTY SUPERINTENDENT OF SCHOOLS

Well Known Assistant Superintendent Seeks Promotion to the Superintendency

All I ask is your due consideration. Investigate. Ask the teachers in your schools; Ask the trustees and city boards of education concerning my qualifications.

A Superintendent of Schools must be more than a teacher or a principal. He must be a **BUSINESS MANAGER** as well as a teacher. He must have **INSIGHT** into the needs of schools; **SYMPATHY** with the difficulties under which they work; **UNDERSTANDING** of the problems confronting them. **INEXPERIENCE** means a slowing up and decreases the efficiency of the service. The **WORK** of the office must be **LEARNED**. A Superintendent needs to be trained to be efficient. I have had the experience as a teacher, as a principal, as an Assistant Superintendent. I can give **EXPERIENCE, EFFICIENCY, SERVICE.** I solicit your vote. My name will appear on all ballots.

OUR SAVED FOOD FED THE ALLIES

Food Administrator Writes President America Conserved 141,000,000 Bushels Wheat.

CREDIT DUE TO WOMEN.

Meat and Fat Shipments Increased by 844,600,300 Pounds.

Conservation measures applied by the American people enabled the United States to ship to the Allied peoples and to our own forces overseas 141,000,000 bushels of wheat and 844,600,300 pounds of meat during the past year, valued in all at \$1,400,000,000. This was accomplished in the face of a serious food shortage in this country, bespeaking the cheerless days and patriotism with which the American people have met the food crisis abroad.

Food Administrator Hoover, in a letter to President Wilson, explains how the situation was met. The voluntary conservation program fostered by the Food Administration enabled the piling up of the millions of bushels of wheat during 1917-18 and the shipment of meat during 1917-18.

The total value of all food shipments to Allied destinations amounted to \$1,400,000,000, all this food being bought through or in collaboration with the Food Administration. These figures are all based on official reports and represent food exports for the harvest year that closed June 30, 1918.

The shipments of meats and fats (including meat products, dairy products, vegetable oils, etc.) to Allied destinations were as follows:

Fiscal year 1916-17... 2,168,500,000 lbs.
 Fiscal year 1917-18... 3,011,100,000 lbs.

Increase... 844,600,300 lbs.
 Our slaughter of animals at the beginning of the fiscal year was not appreciably larger than the year before and particularly in hogs; they were probably less. The increase in shipments is due to conservation and the extra weight of animals added by our farmers.

The full effect of these efforts began to bear their best results in the last half of the fiscal year, when the exports to the Allies were 2,153,100,000 pounds, as against 1,268,500,000 pounds in the same period of the year before. This compares with an average of 801,000,000 pounds of total exports for the same half years in the three-year pre-war period.

In cereals and cereal products reduced to terms of cereal bushels our shipments to Allied destinations have been:

Fiscal year 1916-17... 259,900,000 bushels
 Fiscal year 1917-18... 340,800,000 bushels

Increase... 80,900,000 bushels
 Of these cereals our shipments of the prime breadstuffs in the fiscal year 1917-18 to Allied destinations were:

Wheat 181,000,000 bushels and of rye 13,900,000 bushels, a total of 194,900,000 bushels.

The exports to Allied destinations during the fiscal year 1916-17 were: Wheat 185,100,000 bushels and rye 2,800,000 bushels, a total of 187,900,000 bushels. In addition some 10,000,000 bushels of 1917 wheat are now in port for Allied destinations or en route thereto. The total shipments to Allied countries from our last harvest of wheat will be therefore, about 141,000,000 bushels, or a total of 164,900,000 bushels of prime breadstuffs. In addition to this we have shipped some 10,000,000 bushels to neutrals dependent upon us, and we have received some imports from other quarters.

"This accomplishment of our people in this matter stands out even more clearly if we bear in mind that we had available in the fiscal year 1916-17 from net carry-over and as surplus over our normal consumption about 200,000,000 bushels of wheat which we were able to export that year without trenching on our home loaf," Mr. Hoover said. "This last year, however, owing to the large failure of the 1917 wheat crop, we had available from net carry-over and production and imports only just about our normal consumption. Therefore our wheat shipments to Allied destinations represent approximately savings from our own wheat bread."

"These figures, however, do not fully convey the volume of the effort and sacrifice made during the past year by the whole American people. Despite the magnificent effort of our agricultural population in planting a much increased acreage in 1917, not only was there a very large failure in wheat, but also the corn failed to mature properly, and our corn, our dominant crop, "I am sure," Mr. Hoover wrote in concluding his report, "that all the millions of our people, agricultural as well as urban, who have contributed to these results should feel a very definite satisfaction that in a year of universal food shortages in the northern hemisphere all of those people joined together against Germany have come through into sight of the coming harvest not only with wealth and strength fully maintained, but with only temporary periods of hardship."

"It is difficult to distinguish between various sections of our people—the homes, public eating places, food stores, urban or agricultural populations—in assessing credit for these results, but no one will deny the dominant part of the American women."

A hoarder is a man who is more interested in getting his bite than in giving his bit.

GOVERNMENT WANTS WOMEN FOR UNITED STATES STUDENT NURSE RESERVE

To the Young Women of America:

Across the sea, from France, with every closing day of the heroic struggle of our fighting men, there comes a more imperative call to the women of America to assume their full share of responsibility in winning this world war for the right of men, women, and nations to live their own lives and determine their own fortunes.

There exists now an extreme need for at least 25,000 women of character, intelligence, and education to fill the gaps in our hospital staffs caused by the calling of many thousands of skilled nurses to the fighting front.

There is only one way to fill these gaps: By keeping our hospital training schools supplied with students, who are not only preparing for service abroad and at home at the end of their course and at the same time are equipping themselves to earn their living in one of the noblest of professions, but from the very outset of their course are serving their country as well as learning.

The Surgeon General of the United States Army, the Surgeon General of the United States Public Health Service, the American Red Cross, the General Medical Board and the Woman's Committee of the Council of National Defense therefore unite in an earnest appeal for 25,000 young women between the ages of 19 and 35 to enroll in what shall be called the United States Student Nurse Reserve. The enrollment will begin on July 29, 1918. Those who register in this volunteer body will engage to hold themselves in readiness until April 1, 1919, to be assigned to training schools in civilian hospitals or to the Army Nursing School and begin their course of study and active student nursing.

The service which we are asking calls for the best that the womanhood of America can offer in courage, devotion, and resourcefulness. We can not go forward to victory overseas if the wives and families of our fighters are not sustained in health and strength, if we can not protect our workers against the hazards of war industries, if we can not defeat accident and disease, our enemies at home. Upon the health of the American people will depend the spirit of their forces in the field.

Acting on the urgency of the need, the undersigned have asked the State divisions of the Woman's Committee of the Council of National Defense, through their local units, to enroll the 25,000 women needed. We ask the women of America to support us in our further effort not to lower American hospital standards, and to give us the practical assurance of their support by going to the nearest recruiting station established by the Woman's Committee of the Council of National Defense on or after July 29 and enrolling in the United States Student Nurse Reserve.

Anna Howard Shaw
 Chairman, Woman's Committee, Council of National Defense.

W. C. Gorgas
 Surgeon General, United States Army.

Rupert Blue
 Surgeon General, United States Public Health Service.

T. W. Davison
 Chairman, War Council, American Red Cross.

Dr. Franklin Martin
 Chairman, General Medical Board, Council of National Defense.

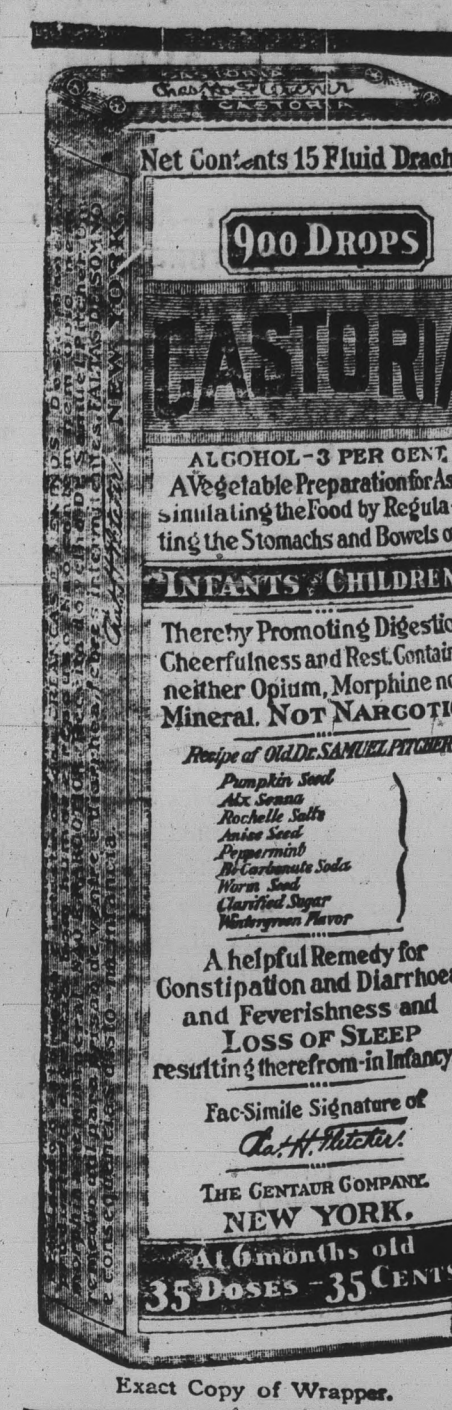

In Sonoma Valley, please apply to the following District chairmen:—
 Mrs. R. Hotz, Mrs. W. F. Clewe, Mrs. Frank Thompson, Mrs. H. C. Hyde, Mrs. G. W. Reed, Mrs. W. T. Studley, Mrs. A. Gale, Mrs. Jas. Tate, Mrs. Jas. Stonier, Mrs. E. L. Parramore, Mrs. Jas. Cronwell.

Henry Lutgens accompanied his son Harry north on a camping trip last week. While away they stopped off at Ukiah where Henry Lutgens father conducted a brewery in early days.

Mr. and Mrs. Dave Leveroni of Novato motored over Sunday in their new 7 passenger Chandler to visit Mr. and Mrs. Victor Leveroni.

Mr. and Mrs. Grover Rubke have sold eight acres of their ranch at Vineburg including the house to Mr. and Mrs. Ribero of San Francisco who with their two children will come there to live about the first of the year. The Rubkes contemplate building themselves a new home.

Messrs. Pedigo and MacMinniman were down from Santa Rosa last Friday and gave some fine music at the social afternoon of the Woman's club.

VINEBURG

Fruit drying is now in full blast
at the drying yards of John Batto &
Sons and a large amount of fruit is
being handled.

Fannie Ferndale, poetess of the 5
o'clock tea club sends us the follow-
ing lines:

"A pious old guy that I know
Went into a vaudeville show
He became so enhanced
With the ladies that danced
And he said, they are ducedly ele-
ver you know.

Joe Andrieux of Sonoma was a
visitor in this vicinity last Wednesday.
The Box Car Improvement Club
at their last meeting pledged them-
selves to support Joe Ryan for Sher-
iff and what ever the club says, goes,
so don't worry, Joe, you are perfect-
ly safe, and the 5 o'clock tea club
ladies call Mr. Ryan, "Our Joe" now
what do you think about that?
City Engineer Enrico Forni who
has been making plans to furnish
Vineburg with water will not make
his report till after election as he
states that if the State goes "dry"
they won't need any water, they will
all want something stronger.

Vineburg is proving to be quite an
important shipping point as a large
number of cars are received and ship-
ped daily from here consisting of
wine, hay, grain etc., and our popu-
lar station agent, Grove Rubke at-
tends to all the business in an up to
date manner to the satisfaction of all.
Messrs. Trudgen, Joe Small and J.
Stockwell of Sonoma are engaged in
making extensive improvements for
John Coops at his orchard on the
Napa road.

We notice that a number of ladies
of Vineburg's "400" are engaged in
making boxes and packing pears for
the Earl Fruit Co. at this place. That
is right, ladies, at this time every
little helps. Safety first.

Four straight cars of barley were
received on Batto's spur last week.

REVOLVER IDENTIFIED BY MAN WHO WAS VICTIM OF THIEF

Joseph Garno arrested in connec-
tion with the theft of three green-
backs from John Pluth's saloon was
also implicated in the disappearance
of \$125 and a revolver from a bath
house at Caliente. The revolver
found in Garno's room has been iden-
tified by the man who had it stolen
at the baths. An effort is being made
by Garno's attorney to have him in-
ducted into the army.

Mrs. F. Cornwall and son Frank
are marketing 5 acres of table grapes
for Mr. Carlisle of Buena Vista.

James O. Seavers of Schellville
leaves for Camp Lewis next Wed-
nesday.

Mrs. C. Weisshaar and children of
Oakland were up for a week's vaca-
tion.

Mr. and Mrs. George Zane of Wood-
land motored down on a visit to re-
latives here this week.

Mr. and Mrs. Ray Poppe are vis-
iting here from Modesto.

Mrs. E. E. Clark of Oakland left
the Gobar sanitarium Tuesday after
a serious operation and is conva-
lescing at her cottage near Boyes
Springs. She is the wife of a rail-
road man of Alameda county and is
accompanied by her mother.

Mrs. Chas. J. Poppe of Glen Ellen
has been very ill with influenza and
has been under the care of Dr. Gobar
who reports the patient improving.

R. Fest has been indisposed the
past week.

John Batto is up and around, much
to the delight of his family and
friends.

Ben Meyer of Schellville is the
happy father of a new baby boy. Dr.
Hays presided and reports mother
and son doing nicely.

Miss Jessie Heiser was presented
with the Past Noble Grand's pin at
the Rebekahs last Thursday week.
It is a beautiful emblem and highly
prized by the young lady.

Lem Griffith of Vineburg was a-
mong the last draft contingent to
leave for Camp Lewis.

The Earl Fruit Company have com-
pleted the packing of apples and
pears at Vineburg and will next pack
quinces at the Ring place. The Ring
place was formerly owned by the S.

Regrets He Can't Be With 'Em, So Writes Poem To Chum in France.

The following poem has been re-
ceived by Irving Redmond, a former
Sonoma boy now in France. It was
written by a chum and cousin of his
who wanted to go "over there" but
was rejected on account of his eye
sight. The poem was sent back from
France to Irving's sister, Mrs. R. J.

**MONSTROUS IDEA
IN GERMAN MIND**

Treachery, Murder, Barbarity,
Anything, Praiseworthy if for
Prussia's Gain.

Abominable System That Must Be
Overthrown if the World is to Be
Worth Living In, Regardless
of the Cost.

This I have seen. I could not believe it unless I had seen it through and through. For several weeks I lived with it; I went all about it and back of it; inside and out of it was shown to me—until finally I came to realize that the incredible was true. It is monstrous, it is unthinkable, but it exists. It is the Prussian system.—F. C. Walcott.

At a conference of field men of the United States food administration held in Washington, F. C. Walcott pictured conditions as he had found them in the countries invaded by German arms. Mr. Walcott served with Mr. Hoover on the Belgium relief commission when this nation was attempting to feed the starving civilian population of Belgium, Poland and northern France. In his address he had pictured such conditions as he said he could not believe unless he had seen the situation through and through, and had lived with it for weeks. He showed these terrible conditions to be the result of deliberate plans on the part of official Germany, and in summing up he said:

"Such is the German mind as it was disclosed to me in several weeks' contact with officers of the staff. Treaties are scraps of paper, if they hinder German aims. Treachery is condoned and praised, if it falls in with German interest. Men, lands, countries are German prizes. Populations are to be destroyed or enslaved so Germany may gain. Women are Germany's prey, children are spoils of war. God gave Germany the Hohenzollern and together they are destined to rule Europe and, eventually, the world—thus reasons the kaiser.

"Coolly, deliberately, officers of the German staff, permeated by this monstrous philosophy, discuss the denationalization of peoples, the destruction of nations, the undoing of other civilizations, for Germany's account.

"In all the world such a thing has never been. The human mind has

never conceived the like. Even among barbarians, the thing would be incredible. The mind can scarcely grasp the fact that these things are proposed and done by a modern government professedly a Christian government in the family of civilized nations.

"This system has got to be rooted out. If it takes everything in the world, if it takes everyone of us, this abomination must be overthrown. It must be ended or the world is not worth living in. No matter how long it takes, no matter how much it costs, we must endure to the end with agonized France, with imperiled Britain, with shattered Belgium, with shaken Russia.

"We must hope that Germany will have a new birth as Russia is being reborn. We must pray, as we fight against the evil that is in Germany, that the good which is in Germany may somehow prevail. We must trust that in the end a Germany really great with the strength of a wonderful race may find its place as one of the brotherhood of nations in the new world that is to be.

"The responsibility of success or failure rests now upon our shoulders; the eyes of the world are anxiously watching us. Are we going to be able to rise to the emergency, throw off our inefficiency, and prove that democracy is safe for the world?"

In the above statement Mr. Walcott has described a condition that must be changed if America, if the world, is to remain a "fit place to live in." And the only way by which this change can be effected is the defeat of German arms in this war. Nothing good, nothing but evil, can come out of Germany, so long as the German people are controlled by a military autocracy, and the German people cannot be made to realize this until this autocracy is crushed. The spirit of militarism that has made of the Germans a robber and a murder nation must be utterly crushed if the world is to remain free, and to accomplish this those of us who cannot fight in France must lend our support to our men who are fighting for us.

FLIER IS MADE CHEVALIER

Guynemer's Friend and Pupil Has
Seven Victories to His
Credit.

Paris.—Sous-Lieutenant Bozon-Verduraz, recently made a chevalier of the Legion of Honor, following his seventh officially recorded aerial victory, was the intimate friend and pupil of Guynemer.

He accompanied Guynemer September 11, 1917, when the latter met his fate. His one thought since, it is asserted, has been to avenge the great ace. One of the new chevalier's feats was to shoot down three planes in four hours. He was a cavalryman until transferred to the air service.

CAPTURED HUN TANK REPAIRED BY FRENCH

The tank seen in this French official photograph was captured by the French in the recent heavy fighting on the western front. The tank was demolished by the heavy French gunfire and it took these crafty Frenchmen twelve days of work under enemy fire to put it in order again. The photograph shows the French crew which repaired the tank and which is operating it with great results against the enemy.

BRITISH WOUNDED PASS THROUGH FRENCH LINE

During the fiercest of the fighting in a battle in France British wounded on the way to hospitals were carried past the lines of the French. As he passes the trenches filled with machine gunners in action this wounded Tommy, interested, has raised his head to watch his French cousins help hold the Hun. Away at the rear in the woods cavalry horses can be seen corralled while their riders wait the command to advance.
